Welcome to the Christmas edition of the JACE SUPPLIES newsletter!

The team at JACE supplies would like to wish you all a Merry Christmas and a Happy New Year and thank you for your continued custom throughout the last twelve months.

JACE SUPPLIES CHRISTMAS RAFFLE

This year JACE SUPPLIES are
raising money for the
Douglas Macmillan Hospice.

The hospice is a charity close to many of our hearts, so please give us your support. Tickets will be available to purchase from Jane during December van rounds and also from Leek market on Tuesdays in December. There are some great prizes to be won, including two framed original wildlife prints, JACE Supplies branded clothing, bottles of bubbly and some luxury Christmas goodies! Tickets are £2 per strip so please support us.

Join us at Leek market on the 17th December
for mulled wine and mince pies!!

PLEASE NOTE :

THE LAST DATE FOR ORDERS DIRECT TO FARM OF IBC'S & PALLETS IS THE 9TH DECEMBER! THERE WILL BE NO VAN SERVICE FROM THE 19TH DEC - 6TH JANUARY 2020. PLEASE HELP OUT & RETURN TEXTS TO JANE ASAP THANK YOU!

MOBILE BUT PERMANENT, HERE'S THE STORY....

Now in situ in the South of England is the fourth JACE Supplies mobile milking parlour.

An unusual request but one that the JACE Supplies team rose to the challenge.....

A project for the Autumn of 2019, a facility

to milk a small herd of 50 organic Channel Island Guernsey cows on a green field site. The milk is to be processed into butter, cheese & cream, products that will supply a local hotel.

The 12 point mobile parlour, fitted with Dematron 60 and visiflow milk meters, also has its own self contained dairy with water heater, plate cooler, wash tub, and milk filter. It was also supplied with its own corn bin & auger, bulk milk tank, vacuum pump and volume wash. Rubber matting was installed throughout for cow comfort.

Next to the milking parlour is a carousel round house where the cows live. With the assistance of an automatic backing gate, at milking time walk through a gated system to the parlour.

Now available for hire are a 15, 16 or 31 point fully modernised herringbone parlour complete with GEA milk meters and ACRs, Classic 300 milking clusters and electronic feeders with automatic augers and a feed bin.
